## WHAT IS THE STAFF SUPPORT GROUP

Members of staff who are available to talk through concerns affecting any member of staff.

These could be issues in or out of school, but which are having an effect on the individual's well being in school.

Training for the support group has centred on solution-focused discussions, whereby practical suggestions are offered, rather than advice given.

The individual requesting the consultation retains ownership of the situation. Signposting to outside agencies or providing communication links within school might be appropriate. It will not be a counselling service.

The group is independent of the management structure and completely confidential (except for child protection guidelines). Our agenda is to be non-judgmental, impartial and supportive. Any issue, big or small, can be discussed.

## WHY HAVE A STAFF SUPPORT GROUP?

- If every child matters in a school, then every adult should matter too.
- To provide a safety net to ensure everyone has access to support.

## WHERE WILL APPOINTMENTS TAKE PLACE?

A room in the Family Learning Centre (by the Mount Pleasant Road entrance).

## WHEN CAN APPOINTMENTS TAKE PLACE?

At mutually agreed times—most likely to be after school.

## HOW CAN APPOINTMENTS BE MADE?

Have a word with one of the group. There is no proper booking system and no records will be kept.

## WHO ARE THE STAFF SUPPORT GROUP?
